

JUNE 30, 2009 - "TRANSPARENT EYES"

(From The Messengers of the 5th Light as channeled by Anna Beatrice)

Greetings daughter of the One Infinite Creator.

We speak this day of the huge dome of iridescent light that shields your planet from the effects of the dark energies trying to escape into the great galactic core.

We watch as your world prepares for the raising of the earthly fire of spirit as all are rapidly awakening to their potential to manifest nearly instantly. As you are aware now, your thoughts are being monitored by all sentient life forms here and off your world.

We say that they are "tuning in now" to your co-creative frequencies and can view what you wish to manifest. The Veil between the conscious and the dark thoughtlessness is very thin. This creates transparency.

Those who seek to perpetrate harm on others will not be tolerated as the imperative now is to create harmony and peace.

Your earth is transmuting all toxic forms of "be- havior". Those whose thoughts no longer vibrate with the collective will transition with great audience.

We ask you to hold space for those who are unconscious choice-makers, who are unaware that their energy signatures are beacons that send up as you call them "red flags." They will be lovingly escorted to another dimensional plane to be with their individual realities.

As the beloved Earth Mother continues to ascend, her children are being raised up by default. This means that those who can consciously choose to lift their minds, hearts and bodies will arrive easily into the next level of being in form. For those who resist or purposely create drama, trauma and chaos through their choices, they will “reap what they sow”.

We ask you to ponder what seeds you are sowing into the fiber of your beingness.

What are you contributing to the All, the One and the Many as it is all being viewed with transparent eyes. As you say, “All eyes are upon you,” as we of the 5th Light await your arrival into this light with much joy and with arms open wide.

Know that the journey that you do as One, will be the joint mission that creates the New Earth upon which you will reside.

Let the love in your hearts be as transparent as the light that shines from the Great Central Sun through the portal of your local Son/Sun to illuminate the way for others along the path.

You are the creators of the new world upon which All will reside in harmony, prosperity and abundance. Love is the only ingredient required to anchor these gifts that are your Divine birthright.

We love you and honor your tenacity. We are the Messengers of the 5th Light, your Ascended selves. 6-30-09 6:18 a.m.
