

JUNE 6, 2009 -- YOUR STAR SELVES

**From The Messengers of the 5th Light
Channeled by Anna Beatrice**

Hello beloved daughter of the One Infinite Creator. We greet thee today in the energy of the One Most High, the Christ Light.

We say to you that the time in your linear world of third dimension is at hand for the greatest announcement to be made to mankind -- that you are all from the stars that shine above you -- that your light essence, your soul in form is connected to the stars that twinkle above you ...as your "star" holds your energy, your connection to the Divine.

When your galactic contract was written, you chose to descend from the star that holds your higher self, your design template, and you were able to bi-locate into hue-man form.

Does it surprise you to know that All of your brothers and sisters of the Light on this planet and on the ships of your star brothers and sisters are all from the "stars."

Let us say that a star is a glowing point of light that holds a spark of the One Infinite Creator. This spark is so vast that it can't be contained in just one being or "lantern." Thusly, "your spark" is divided among many forms of expression.

When you hear the term that you are multi-dimensional, it means that you have expression in simultaneous forms of Being. That could be here on Earth, or other worlds, in different levels and on different journeys throughout the Universe.

The galactics as your world refers to them are indeed a higher expression of You.

Once mankind has reached a level of conscious awareness, they will understand how we are all part of each other. There is no separation as we are all made of the same essence, the same spark source material -- that is the light through unconditional love, which is the material that holds energy in form.

The only factor that keeps mankind trapped in “me” thinking and in the illusion of separation is the Ego.

Therefore, when your galactic selves arrive on Mother Earth, you will need to be in a space of full acceptance of your *other selves*.

Those selves can be your future selves as there is no time off this planet of third dimension. You will be meeting a being of light who has the ability to transcend the duality/polarity bonds.

However, know that your “star selves” can’t stay in this world for too long as the lower vibration and density of the planet will cause them to become energetically weakened by the magnetic fields surrounding your world.

This is one of the reasons why a shift in consciousness will elevate the frequencies of your world which will allow for their ability to be here.

Your role then is to provide them with consideration, acceptance and to learn from them while they are here in your world. They will be here only for a short span of linear time to change the timeline of Mother Earth in a benevolent way for the full restoration of the pristine planet and the ability of her inhabitants to stay in body in the new frequencies.

We ask you to ponder what you would like to offer your star brother and sisters, what service you can provide your future selves while they are here. Will you go into fear? Or will you allow your higher selves to come into your consciousness to offer your love and support of their mission. Yes, they are on a mission of great love and service. How will you honor and work with them?

Know how much you are loved and cherished in these shifting times.

We are The Messengers of the 5th Light – Your Higher Selves.
