“STEPPING INTO THE LIGHT OF TRUTH & SERVICE”

(From The Messengers of the 5th Light as channeled by Anna Beatrice)

Beloved Daughter of the One Infinite Light of the One.

We share this day our message of consternation over the attempt of your government in the United States to placate the ideas presented by the great man of “change”. This spiritual warrior who hails from the 22nd level of mastery is about to take the next courageous step in anchoring the truth of who you are as a collective consciousness upon planet Earth.

We ask you to be in acceptance of this powerful stance that will begin the domino effect to squash and cleanse all this is unjust, unequal and out of alignment with the Truth of the One, the Many and the All.

We see great upheaval in your government agencies as the façades that have been secretly maintained by the power elite are suddenly and violently shattered.

As their pedestals are knocked out beneath them, we ask you to give them space and time to find the light of truth within. Judge them not as they are the true catalysts for change.

A great man of fairness and honor has joined us in the great “Halls of Honor”. The one who was the true advocate for equality, has completed his course, the one you know as Ted is here now, accepting his crown of peace, and he is satisfied with the review of his

diverse and productive life in pursuit of equality for all.

As the energies of the planets in your local universe begin their dance in the heavens above you, give yourself the time to go deeply within to the quiet space where your true Source Light warms your heart and holds the essence of your soul. Here you will find the truth of truths, where you will find the answers you seek as your world begins to crumble around you.

This crumbling is merely the shedding of the “old skin”, the outdated paradigms that no longer resonate with the new frequencies of light that hold Gaia in her loving presence. She is giving birth now to a new creation upon her body and within as well. You share the same Source Light and energy and therefore will be brought into alignment with these same frequencies.

The cleansing has begun on all levels. We ask you to find ways these next 21 days to cleanse yourselves, to make an inventory of all that does not serve you, in all bodies – physical, emotional, mental and those that have hindered your spiritual journey into wholeness and in union with the Divine within.

This is the beginning of the journey to the next level of being in form.

As these energies surround and penetrate your collective consciousness, many will go into fear as all that is illusion will begin to disappear. Observe the reactions of others from a place of wholeness within.

At this time, we see many great lightworkers stepping up to the “plate”, to bring out their humble pedestals to stand on and to accept the leadership roles they have been preparing for during this lifetime as incarnate starseeds.

For those who know who you are, take a deep breathe and step into the light of truth and service. Now is the time to be heard and seen. Now is the time to be the change that all are awaiting.

Masters, you are ready to hold the light and love for this planet. There is no time but the present as time has ceased to exist on Planet Earth. Feel into this with all your heart. Know you are ready to forge ahead on this brave New Earth of re-united and loving souls.

We are in gratitude to all those who are here in body at this most auspicious time on Mother Earth. In the blink of an eye, in the space of one in-breath, all will be transformed and changed – hold steady in the love and light of the One Infinite Creator. Rejoice in the Oneness, in the expansive light of Source as you walk and live in mastery.

We are complete this day. The Messengers. 9-3-2009 6:52 a.m.
